

Esk Class News

Week 06.05.24

We have been very excited to see the sunshine appear this week! As part of our Learning Means the World we have been recording the temperature daily. Luckily the temperature appears to be rising! Due to the lovely weather, we have enjoyed completing the trinity trot and spending more time on the field.

What have we been learning about this week?

Learning Means the World

We are enjoying our current unit 'Under the Canopy'. This week we learnt about the four layers of the rainforest and the different plants and animals that could be found on each layer. We also couldn't believe the amount of rainforest products that we use everyday such as medicines, chocolate, coffee, spices, fruits, vegetables and many more!

Maths

This week we have been learning about capacity. We have been interpreting scales, looking carefully at the litres and millilitres. We then started converting between litres and millilitres and comparing different capacities.

English

Our English lessons this week have focused on grammar. We have learnt about compound and complex sentences and the different conjunctions that we could use to join these clauses together.

Spanish

We have been learning how to say a variety of foods in Spanish. We then learnt how to say whether a food is healthy or unhealthy.

PE

We are really enjoying our badminton sessions! On Friday we had our own mini matches, focusing on serving to the opposing team.

Reading

This week we started a new class novel - 'Horrid Henry and the Zombie Vampire'. We love Horrid Henry books and are excited to find out what funny things happen!

Our theme is Collective worship is peace.
