

# Laver Class News

Week 23/10/2023

It was lovely to speak to so many parents this week to share the children's learning.

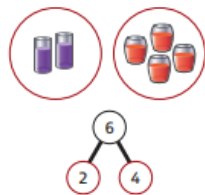

*What have we been learning about this week:*

## Learning Means the World

We learnt about algorithms in Computing. We then attempted to create algorithms to direct our partners through a toilet roll maze whilst wearing a robot mask.

## Maths

We have continued learning about Part Whole models within 10. We have been using our part-whole models to help write number sentences.

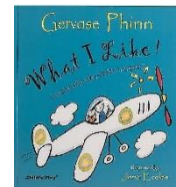

$$2 + 4 = 6$$

$$4 + 2 = 6$$

## Reading

Our class text is *What I like-Poems for the Very Young* by Gervais Phinn.

## Writing

We have been learning and performing a poem to the other Year 1 class, with very exciting actions.

We have also been identifying nouns and verbs in the poem.

## PE

We have been listening to different pieces of music, identifying how they make us feel and moving our bodies to express this physically.

## RE

This week we are thinking about why Christians pray.

**Our theme is Collective worship** is Trust.
