

Ribble Class News

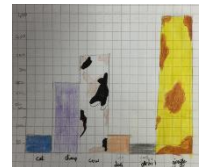

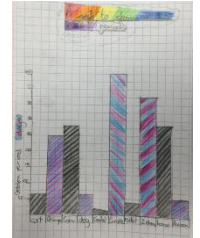

Week - 26.2.24

Welcome back! Once again, we have hit the ground running and have already got lots of brilliant things to share, including new topics in maths, English and Learning Means the World and, another fantastic session of inclusive sport.

What have we been learning about this week?

Learning Means the World

Our latest topic (*Go With the Flow*) has a science focus and we are all excited to get investigating, researching and recording our ideas in different ways. Those of you who joined us on the open afternoon will have experienced how 'hands on' and child-led our approach is, We were all fascinated by the gestation periods of different animals and the children produced some amazing tables and graphs to record their findings. We are now moving onto looking at circulation and how nutrients and oxygen are transported around the body.

Maths

Once again, we are focusing on fractions in maths and have been learning how to multiply fractions by whole numbers and to find fractions of amounts. As always, the children have impressed us with their focus and resilience and have been positive and determined. It is always a joy to see everyone's confidence grow. Well done everybody!

Reading and English

We are continuing with *Shackleton's Journey* and have now linked this with our English topic too. We were all gripped by the thrilling and incredible story of survival and hope against all the odds. We will be writing our own versions of sections of the story and producing illustrations inspired by this lovely book.

PE

We had another session of inclusive sport, last week and we all (including the adults!) enjoyed wheelchair basketball and rugby. It was great fun! We are also lucky enough to still have *Sporting Influence* doing PE with us every Wednesday and the children had a great time yesterday in orienteering with a treasure hunt around our fantastic school grounds.

PSHE and Wellbeing

The children have chosen their own heroes and have been working on projects, researching their chosen hero and producing a scrapbook of information and lovely pictures - we have loved sharing the children's super work.

Our theme is Collective worship is Baptism and Hope.
