

# Laver Class News

Week beginning 15.04.23

Laver have had a super busy start to the Summer term. They have been making Miss Ward and Mrs Trigg both very proud with their attitude towards their learning and have all been trying extremely hard!

## Learning Means the World

This week in Learning Means the World we have been looking at our emotions. We discussed how we were feeling and how it is okay to feel lots of different emotions. We then made emotions masks to show the emotion we were feeling.

## Maths

This week in Maths we have been looking at weight and mass. We have learnt the terms **heavier** and **lighter** and have used these to compare the mass of many different objects.

## Reading

This week we have been continuing to read our class book *How to Hide a Lion at school*.

## Writing

This week we have been looking at question marks and what words we start our questions with. Miss Ward hid an object in her hand, and we had to ask questions to find out what it was. We then wrote some fantastic questions.

In phonics we are re-capping our Phase 5 graphemes ready for our Phonics Screening Check.

## PE

We have been so lucky to have balance bike sessions for the past couple of weeks. We really enjoyed this and had so much fun!

## RE

This week we have been looking at precious items and what artefacts are important to Jewish people.

**Our theme is Collective worship** is Hope.

**On Thursday 25<sup>th</sup> April, Tempest are coming to take our class photos! Please could you ensure that your child comes to school in School Uniform. Thank you!**
