

# Laver Class News

Week beginning 10<sup>th</sup> June 2024

I can't believe we are in the final half term of Year 1! The children are working incredibly hard to show us super Year 2 learning ready for next year. We have had an exciting start to our half term by beginning our new topic in learning means the world!

## Learning Means the World

Our new topic, *Come Fly With Me: Arctic Circle* has already been a lot of fun. We all had to try to stop an ice cube from melting using different materials. To find out about where the Arctic Circle is on a globe, we used an orange to show the equator line and the line for the Arctic circle at the top of our earth!

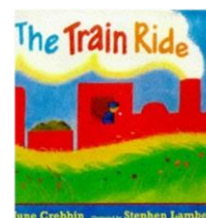

## Maths

In maths, we've been looking at position and direction, without getting too dizzy! We've covered left, right, forwards, backwards and quarter, half and whole turns. See how many you can remember at home!

## Reading

Our new book is called 'The Train Ride' by June Crebbin. We've really enjoyed joining in with the repeated phrases in class.

## Writing

Our grammar focus has been on 'ed' endings as the past tense of some verbs. To explore this they children completed an obstacle course and wrote about what they did. This is building towards writing about a different journey in the style of *The Train Ride*.

## PE

We have had a great time learning the rules of Dodgeball and playing in a competitive but friendly way!

## RE

This week we have been continuing our learning on *Who is Jewish and what do they believe?* and we have been looking at the story of Hannukah and we ever made our own dreidel to play a game!

**Our theme is Collective worship is Joy!**
