

Swale Class News

Week 10/06/24

Our focus in Swale: Being ready to learn.

Learning Means the World

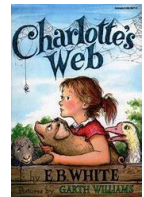

We completed our unit "Picture our Planet" by looking at conservation issues in the different countries that we had been learning about. We designed our own mini protest banners and held a peaceful protest against deforestation in Fiji around the Trinity Trot.

We launched our new unit "Cry Freedom" which will be exploring Slavery through history through to modern day. Our first session on "Fairness" allowed children to have an active discussion about the importance of treating people fairly.

Guided Reading

We have started to read Charlotte's Web this week. After Chapter 1, we have been thinking about what our predictions for the rest of the story might be.

Maths

This week we have been focusing on Time. We have been learning how to convert time between 12 hours and 24 hour clocks. We have also been revising some of our other topics of Area and Division.

Writing

We have been continuing our work using the book, The Paper-bag Prince. We have been becoming more familiar with text and been identifying adverbial phrases indicating location and time.

PE

Some of our Year 4 children have been to Outwood Academy Ripon to represent our school in a Dodgeball tournament and they did a fantastic job against other schools in the area. We also have a fantastic Indian Dance workshop which

introduced us to a range of new steps!

Our theme in Collective Worship is Joy
