

Ribble Class News

Week - 10.6.24

We have had a brilliant start to our last half term in year five - I cannot believe how quickly this year has gone by! There are still lots of exciting things to look forward to over the next five weeks as this is always a really busy time in school. Highlights participating in sporting events during Sports Day; and meeting the lucky teacher who will be teaching this class next year!

What have we been learning about this week?

Learning Means the World

After finishing off our Global Warning topic with some exciting science lessons, we are going to be waving the stars and stripes and dusting off our cowboy boots with our new topic - *Come Fly With Me, America!* We have already spent some time focusing on the geography of North America and the children enjoyed researching US states and making fact files about them. We have a music focus for the next few lessons and will be looking at national anthems including, 'God Save the King' and 'The Star Spangled Banner'

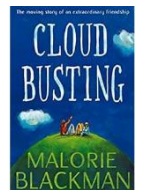

Maths

In maths, we have been calculating using decimals and, as always, great determination has meant that the children have made super progress during this unit.

English

I have been blown away by the children's writing at the end of our Varjak Paw unit of work! The children have worked incredibly hard to write some fabulous new adventures for our hero cat and his friends. We are going to be writing some narrative poems next based on *Cloud Busting* by Malorie Blackman.

PE

We had a brilliant morning on Monday learning Indian dancing with a professional dancer and the children were fantastic. By the end of the morning, they had perfected a super routine!
