

Ribble Class News

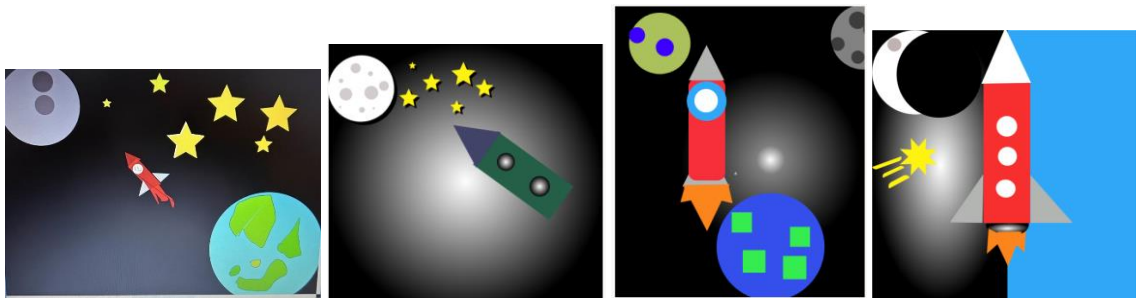

Week - 9th October 2023

We have had a very busy week in Ribble. We have particularly enjoyed creating our own space themed pictures using Vector graphics. These were amazing – as you can see in the images below!

What have we been learning about this week?

Learning Means the World

For our Mission Control unit, our focus this week has been on computing and using graphics programs to create images linked with our space theme. The children really enjoyed this and produced some wonderful artwork using Vector graphics.

Maths

Our focus has been on addition and subtraction this week and we have been learning about using formal written methods for these calculations.

	T	Th	H	T	O
	1	8	3	6	0
+	1	4	2	1	2
	3	2	5	7	2

	T	Th	H	T	O
	7	4	4	5	0
-	5	2	7	0	0
	2	2	7	5	0

Reading

We have all loved reading Cool by Michael Morpurgo during Guided Reading and reached a peak of excitement this week as we finally discovered what happens at the end! I won't give it away but the children were thrilled with it – many of them now say that this is their favourite book!

Writing

Our focus text for this unit is *The Day the Crayons Quit* and the children have been learning about personification and some super noun phrases. They came up with some brilliant examples!

PE

Our PE units for this term are Gymnastics and Rugby. We have been looking at trust balances (symmetrical and asymmetrical) in Gymnastics and focusing on passing in Rugby.

RE

Our big question is ‘What does it mean to be a Muslim in Britain today?’ and we have been focusing on the five pillars of Islam. This week’s pillar is Zakat (giving).

Collective Worship

Our theme is Wisdom and we have been introduced to our wise owl who will help us to use this valuable learning skill.
