

Swale Class News

Week 16.10.23

This week we have been focusing on coming in to class ready to learn and working hard on being wise in our choices.

Learning Means the World

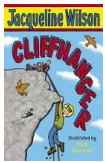

This week we are in our final week of our exciting adventure into Lightning Speed. We have been working with Newton, who is our Science Creature and learning about electricity and doing practical experiments on common conductors and insulators, making predictions and conclusions.

Maths

We have been continuing with addition and subtraction of 4-digit numbers with more than one exchange, focusing on effective methods. We also had a fantastic Maths morning on Wednesday and it was wonderful to invite parents to join us to help us solve a range of maths problems.

Reading

We are continuing with Chapter 4 and 5 in our class reading book, Cliffhanger by Jacqueline Wilson, and have been using our skills of retrieval and inference to make predictions and answer questions about the characters in the story.

Writing

We have continued our exploration of non-chronological reports and non-fiction texts to understand the features of a non-chronological reports and have been writing our own chronological reports on polar bears. We have been able to use our learning about subordinate clauses and features of a non-chronological report to help us write our reports.

PE

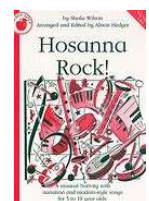

We are continuing to develop our skills in tag rugby and have learnt a variety of new skills in our circuit training, focusing on our positions in our exercises to ensure we are exercising safely and correctly.

RE

This week we have been focusing on the Hindu festival Diwali and have started planning our own Rangoli patterns.

Christmas Production

We have just started planning our Christmas production which is going to be Hosanna Rock! We have uploaded audition materials onto Teams for any children who would like to have a solo singing or speaking parts.

Our theme is Collective worship is Dignity.
