Dear Parents

Our Inspection Outcome

I am delighted to share the outcome of our recent Ofsted inspection. The inspection team spent two days observing lessons, speaking with pupils, staff, and governors, and reviewing our school's work across all areas.

Ofsted have made the following judgments:

The quality of education	Good
Behaviour and attitudes	Good
Personal development	Good
Leadership and management	Good
Early years provision	Good

The inspectors recognised the strong foundations we have built together as a school community. The Ofsted findings highlight many areas of strength that reflect our shared commitment to providing the very best education for your children. I am particularly pleased to share the following key findings:

- Pupils are safe and happy here. Positive relationships between staff and pupils are grounded in mutual respect. This adds to the sense of calm in the school. All staff have the same high expectations of pupils' behaviour and conduct.
- Changes to the curriculum have raised the expectations of what pupils can achieve. Pupils rise to these challenges. They learn the important knowledge and skills they need to be successful. Pupils with special educational needs and/or disabilities (SEND) access the same, ambitious curriculum and achieve well. Pupils are confident, articulate and excited learners.
- Leaders at all levels, supported by the academy council and the trust, have made significant improvements in the school. Changes to many subject leadership roles have brought energy and rigour to curriculum improvements.
- The school's curriculum has recently changed. The knowledge the school wants pupils to learn is sequenced logically, so that it builds on what they already know. This helps pupils to remember more of what they have learned. Teachers make regular checks on pupils' learning.
- Reading is a high priority for the school. The school provides extra help for pupils who find reading difficult.
- The school quickly identifies pupils with SEND. Staff put the support in place that pupils need to be successful and to learn well.
- Pupils have an age-appropriate understanding of healthy relationships. Pupils understand the importance of fundamental British values. They accept and celebrate people's differences and enjoy welcoming pupils to school from other countries.
- Pupils know how to keep themselves safe online. They recognise the importance of keeping personal details private and not communicating with online strangers.

Our Ofsted judgements reflect the hard work and dedication of our entire school community - pupils, staff, governors, and yourselves as parents. Your continued support and partnership with us remains invaluable as we continue to build upon these strong foundations. The full report is available on the school website.

As we amalgamate as Holy Trinity Church of England Primary School in September, we will continue to build on our strengths while addressing areas for development identified by the inspection team. School leadership had already identified these areas, which we are addressing as part of our continuous school development plan.

Our commitment to ensuring that '*each day opens up horizons of hope, aspiration and joy*' for every pupil remains at the heart of everything we do.

If you have any questions about the inspection or would like to discuss how you can continue to support your child's learning at home, please do not hesitate to contact the school office.

Thank you for your ongoing commitment to our school community and for being such an important part of our Holy Trinity family.

Regards

S Sanderson
