

# Wharfe Class News

Week – 27th October 2023

Well – what a packed half term of learning we've had! It's unbelievable to think that we've had just 8 weeks in Year 6 and that our residential was only a few weeks ago! We are so looking forward to all the exciting things that we have planned for next half term and we wish you all a relaxing and enjoyable half term break.

*What have we been learning about this week?*

## Learning Means the World

We have continued to look at science this week and have carried out some further experiments all to do with friction. We've worked hard to think about how to make a 'fair test' and to ensure validity in our results.

## Maths

We have moved on to long multiplication in maths this week and have been very thankful to 'zero the hero' who has helped to ensure we get our calculations correct. There is some homework looking at the method and we will return to it after half term to ensure everyone is feeling confident.

## Reading

We have continued to focus on a range of biographical texts to help us with our writing work.

## Writing

Our biographies are continuing well and the children have come up with a great range of inspirational figures to write their biographies on – from Martin Luther King to Ronaldo, from Anne Frank to Amelia Earhart.

## PE

We had a fun packed session of football with Mr Knight and ended our half term with a competitive game of bench-ball!

## RE

We are continuing to look at Christian expression of their faith through artwork. We have looked at some beautiful representations of Jesus and commented on what these pictures represent.

**Our theme in Collective worship** is Collaboration.
